

# Academic Renewals

- W and NP grades not needed
- Student must attempt **15 units** or more after the last semester the student is asking to renewal
- One year has to pass from the last semester academic renewal will be completed. For example, we cannot do academic renewal for Spring 2025 semester until Spring 2026 ends.
- If there are repeats of the same class with substandard grades from previous terms, attempts need to also be included in form.

# Academic Renewal: Repeats D & F

If a student failed a course at Miracosta multiple times with substandard grades (D or F) you must add the original and all attempts of failing grades for academic renewal.

## Example:

<b>Fall 2022</b>	<b>ART 100</b>	<b>D Grade</b>	<b>Repeat/Renewal: Excluded from GPA and Credit</b>
<b>Spring 2023</b>	<b>ART 100</b>	<b>F Grade</b>	<b>Repeat/Renewal: Excluded from GPA and Credit</b>
<b>Fall 2024</b>	<b>ART 100</b>	<b>F Grade</b>	<b>last attempt! This is the one affecting GPA</b>

Will need to add all three attempts and 9 units toward Academic Renewal to have a true & complete academic history

# Academic Renewal: Repeats Passing Grade

If a student failed a course at MiraCosta and later repeated that *same* course at MiraCosta with a passing grade, the original failing grade is already excluded from GPA calculations—it **does NOT need to be included in an academic renewal request.**

## Example:

Spring 2014	CHEM 100	D grade	Repeat/Renewal: Excluded from GPA & Credit
Spring 2015	CHEM 100	B grade	

No need for academic renewal—the D grade is already excluded from the transcript due to the successful repeat.
