Here is a program that students LOVE!

"What Can I Do With This Major?" is the ideal program for career exploration. This tool is an excellent resource that helps students explore various majors and clearly understand the career options associated with each one. There is also a tutorial available to guide you and your students on how to use it effectively. Key features include:

- **Explore Different Majors:** Easily browse a variety of majors and discover the endless career possibilities they offer.
- **Learn About Career Options:** Find out what kinds of jobs you can get with each major and what industries you can work in.
- **See What Skills You Need:** Discover the skills and qualifications needed for different careers.
- **Research Potential Paths:** Understand the potential career paths you can take and how they align with your interests and goals.
- **Find More Resources:** Access links to professional organizations, job search tips, and more info to help you on your career path.
