Once approval is received (usually by September 1) a UC designation will be retroactive to Fall 2025. Articulations can then be pursued. ### **Institutional and Regional Accreditation**

There are new guidelines from the CCCCO regarding accreditation requirements for courses that we can accept from other institutions. Previously we would accept only courses from “U.S. Regionally Accredited institutions.” This has now changed to “**Institutional Accreditation,**” which includes both Regional and National accreditation agencies. Many of the new institutions under the National category have previously been unacceptable and apply to CTE coursework. The list of National Accreditors can be found at this link:

[https://www2.ed.gov/admins/finaid/accred/accreditation\\_pg3.html#RegionalInstitutional](https://www2.ed.gov/admins/finaid/accred/accreditation_pg3.html#RegionalInstitutional)

**Special Note:** UC will continue to accept pass along coursework exclusively from the six U.S. Regional Accreditors; CSU **will also accept “nationally recognized institutional accreditation.”** However, for CALGETC, only courses from Regionally Accredited Institutions are acceptable.

### **Advanced Placement Exams-CALGETC Chart**

AP Pre-Calculus not accepted on CALGETC

The MATH faculty are currently reviewing to determine most appropriate courses for the local award and the number of units. It is important for Counselors to continue to check how the intended transfer campus accepts an AP award for major
