

Test Results Reference Page

MiraCosta has three different options for student placement: Alternatives (multiple measures), Guided Self-Placement and Placement Tests (MDTP, Accuplacer). Each of these options are a Test ID found in the Test Results panel of SURF.

To get to the Test Results Panel, follow this path:

Test ID = ALTER

If a student has an ALTER Test ID, it includes:

1. A student who submitted Multiple Measures information for placement (HS transcript info or self-reported)
2. A student who submitted an English and/or math course that was used as a prerequisite for another course
3. A student who submitted a test from another institution such as Palomar
4. A student who submitted an alternative test score such as an AP test

If a student has multiple TEST ID's, each Test ID will be on a separate page.
