

UC Unit Rules (*when combining CCC and University credit*) - Effective Fall 2014

1. Lower division units, whether from a 2-year and/ or 4-year college/ university are limited to a maximum of 70 semester (105 quarter) units toward the UC degree and do not put applicants at risk of being denied admission for excessive units. As long as the student has only lower division units we don't have to worry about them going over the limit! So you no longer have to panic if a student has 20 units from a 4 year school.
2. Units earned through: AP, IB, and/or A-Level examinations are not included in the limitation and do not put applicants at risk of being denied admission.
3. **Units earned at any UC campus** (Extension, summer, cross/concurrent and regular academic year enrollment) are not included in the limitation but are added to the maximum transfer credit allowed and may put applicants at risk of being denied admission due to excessive units. (Check the chart). If you see a student who has UC units no matter lower division or upper division the old rule applies and check for total number of units
